Massage Tables

*Fulfill the Highest Demands
of Every Bodyworker.*

Masterlite

"The World's Lightest Wooden-legged Table!"

An extraordinarily beautiful design from Master Massage™! This is a table made for professional bodyworkers who:

- Travel a lot
- Cannot carry much
- Visit clients at their homes
- Had or have back problems
- Want to impress clients with a table that has an extraordinarily beautiful design
- Want a very light-weight table, but do not want to compromise on stability and quality
- Are price-conscious

Most portable massage tables have a slab of a rigid material such as wood, plastic or pressboard under the foam. This slab is then joined to the outer frame of the table with nails, staples or glue.

The underside of the Masterlite table has a different design! Instead of wood or plastic, the supporting slab is a semi-rigid sheet of industrial-grade woven nylon similar to that used in the world's best luggage and mountaineering equipment. This is joined to the tubular frame by hundreds of strong, flat laces. The result: a little bit of give, a responsive feel to the table, and a kind of comfort that cannot be duplicated with any amount of foam! In addition to all that, this table has a really great strength-to-weight ratio.

-  Vinyl: sky blue Leg & frame: natural wood
-  Vinyl: saffron yellow Leg & frame: natural wood
-  Vinyl: black Leg & frame: mahogany red

Masterpiece

"The Strongest Table on the Market!"

Our latest product is a sleek-looking, high-tech table from Master Massage™!

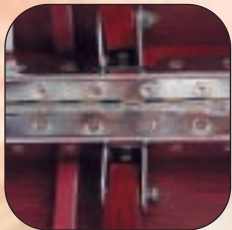

It features anti-jiggle technology and a greater working weight (700 lbs/350 kg) than any other table available today.

It comes with:

- A multi-adjustable headrest
- A reinforced armsling
- A deluxe carrying case
- 10-year guarantee on the leg and frame system

All at a low, low price!

Special features such as underbed crossmembers, duo-plane center hinges and leg brace stabilizer bars help to increase this table's strength and stability.

Easy to use!

Very easy to set up (only 5 seconds) due to the patented Auto Lock Frame & Leg System.

Standard Model

"High Quality With a Very Reasonable Price!"

The Standard Model features the patented Auto Lock Leg & Frame System, which allows you to set up the table in 5 seconds or less.

It also has our deluxe adjustable headrest and much-loved sling-style armrest. It has full under deck cross members, duo-plane hinges for extra strength, and double leg lock knobs for extra safety. Its ratings are UL-tested to assure you of its quality.

This table comes with many free accessories, which make visiting clients a lot easier for bodyworkers.

This table is designed for therapists who prefer to work with thinner and firmer upholstery. It is great for therapists who practice osteopathy and deep tissue massage.

Fitmaster

"Robust, Professional With a Very Reasonable Price!"

An outstanding buy, especially for:

- Professionals
- Hobby bodyworker
- Hotels
- Spas
- Fitness clubs

The Fitmaster features our exclusive patent-pending Push Lock Leg System. The table comes with adjustable legs, each with dual locks, a standard fixed headrest, duo-plane hinges for strength and a comfortable sling-style armrest.

The Push Lock leg features metal-to-metal contact at each leg lock point and a quick and easy release of the locking mechanism.

This table is especially suited for the practice of Shiatsu because it can lie flat on the ground.

The Fitmaster is available in two widths, 28" and 30" (71 cm and 76 cm).

Details:

Size: 73" x 28" or 30"
(185 cm x 71 cm or 76 cm)
(With headrest 83" / 211 cm)

Special Edition

"With an Additional Faceport!"

1" (2,5 cm) wider than the Standard Model!

In addition to the reinforced armsling and multi-adjustable headrest, this table comes with a faceport and portplug, which maximize the comfort of the client and bodyworker.

The faceport and faceplug are very helpful for administering massages to smaller clients and the table has more legroom for the bodyworker.

Ayurveda Table

"Designed especially for oil massages!"

Due to the tremendous health benefits and popularity of the classic Ayurvedic oil massage, we have developed a Master Massage-branded table specifically designed to handle extensive usage of oil. Oil massages, which are called by many names, are some of the fastest-growing forms of massage therapy in Europe; especially Germany, France, Scandinavia and England.

These new Ayurveda Master Massage Tables can be used for almost every form of body therapy. They come with a multi-adjustable headrest that drains oil away from the face and their easy setup makes them a beautiful instrument for all health, fitness and beauty professionals.

Like all of our Master Massage Tables, the Ayurveda tables has the patented Auto Lock Frame & Leg System, which allows opening and closing in seconds.

The usual width of a table is 28" / 71 cm. This table has an extra-wide (32" / 82 cm) design and a margin around the vinyl to catch oil. It also comes with an oil cover that lays atop the table for added protection.

Details:

Size: 80" x 32" / 203 cm x 81 cm
(with headrest 90" / 229 cm)
Upholstery: 3" / 7,5 cm small cell foam
Weight: 39 lbs / 18 kg

Master Chair

"High Quality With an Ergonomic Design!"

This is the perfect chair. It has an ergonomic design that maintains proper body alignment while getting a therapeutic massage. This lightweight, aluminum-frame chair weighs only 20 pounds and is UL-listed for 300 pounds of working capacity.

Included is an eyeglass and jewelry pouch, removable sternum bolster and deluxe carrying case with wheels. Unlimited two-year guarantee against defects in manufacturer's materials & workmanship. Comes with carrying case, as shown here, at NO extra charge.

You may be accustomed to working on a massage table, and wonder why you should consider using a chair. The answer is simple: you can set up a massage chair in places that a table simply will not fit. This dramatically increases your ability to reach clients.

Details:

Upholstery:	2" / 5 cm small cell foam
Weight:	20 lbs / 9 kgs
Working Weight:	300 lbs / 135 kg

Accessories

Deluxe Carrying Case

This is a nylon case with adjustable straps and an outside storage compartment. Easy and convenient way to store and transport your portable massage table.

Multi-adjustable Headrest

The headrest can be adjusted to the desired height according to your clients' most comfortable position.

Leg Bolster

The bolster is placed under your clients' knees or ankles in order to relieve lower-back stress during massage. 26" x 5" / 65 cm x 12,5 cm.

Flannel Sheet Set

Includes three pieces made from 100% cotton. The flannel sheet set includes a perfectly fitted cotton sheet, a flat sheet, and a face pillow cover. Available in white.

Armsling

When lying on their stomach with their face in the headrest, your clients can comfortably place their arms into the armsling.

Reiki Panels

Allows for more legroom on both ends of the table.
